CONTENT

KEY PUBLICATIONS, PAPERS and BOOKS

Administration and organization	7
Air travel	8
Ambulance services	8
Ambulatory care	9
Animals in healthcare settings	9
Antibiotic resistance	9
Antibiotic stewardship	11
Antibiotic prophylaxis in surgery	12
Blood borne viral infections	13
Building design construction and renovation	14
Burden of Healthcare-associated infections	16
Care bundles & High Impact interventions bundles	16
Catheter-associated urinary tract infections	17
Central line-associated bloodstream infections	19
<i>Clostridium difficile</i> infections	21
Chickenpox and shingle	23
Child care and schools facilities	23
Competency of IPC practitioners	24
Core components of IPC programmes	25
Cost of healthcare-associated infections	25
Community infections	26
Cystic fibrosis	26
Definitions of healthcare associated infections	26
Decontamination and reprocessing of medical devices	27
Dentistry	28
Emergency and disaster planning	29
Endoscope decontamination	29
Environmental cleaning	30
Food safety	31
Gastrointestinal infections	32
Hand hygiene	32
Home hygiene	35
Hydrotherapy, spa & swimming pools	35
Immunocompromised and transplant patients	36
Injection safety and multi-dose vials	36
Influenza pandemic planning	37
Isolation precautions	37
Laboratory	38
Laundry	38

Last office	38
Legionnaires' disease	39
Long-term facility	40
Manual and guidelines	40
Methicillin-resistant <i>Staph aureus</i> (MRSA)	41
Meningococcal disease	42
MERS-CoV (Middle East Respiratory Syndrome Coronavirus)	43
Multidrug-resistant organisms (MDROs)	44
Multidrug -resistant Gram-negative organisms	44
Maternal and neonatal infections	47
Norovirus infection	47
Operating theatres	48
Outbreak investigation and control	49
Parvovirus infection	51
Pertussis (whooping cough)	51
Prisons and detention centre	51
<i>Pseudomonas aeruginosa</i>	51
Rabies	51
Prion disease (CJD)	51
Personal protective equipment (PPE)	52
Reporting of outbreaks & interventions studies	53
Respiratory tract infections	53
Renal dialysis	53
Risk management	54
Scabies and pediculosis	54
Sharp injuries	55
Staff health	56
Surgical site infections	57
Surveillance of Healthcare-associated infections	58
Sterile Supply Department (SSD)	59
<i>Staph. aureus</i> Infections (PVL)	59
Streptococcal infections (group A)	59
Tuberculosis	60
Uniform and workwear	61
Vancomycin resistant enterococci (VRE)	61
Ventilator-associated Pneumonias	62
Viral haemorrhagic fevers (Filovirus diseases)	62
Water and sanitation	63
Waste management	64
Zoonotic diseases	65

ADMINISTRATION & ORGANIZATION
